

7LLW: Mr Whittington

Hello! Welcome to 7LLW.

What I love most about being a teacher is getting to know new people, colleagues and pupils alike, and building positive relationships.

I am extremely excited to meet you all.

Everyone feels the same when they start secondary school; where do I need to go? Will I remember my timetable? What are the rules about school uniform?

I am here to help you with all these things!

You may have other questions, about friends, schoolwork, and many other things. If and when you do, it is my job to listen and help you with whatever you need.

I believe that we are what we repeatedly do. Fostering good habits, whether it is asking for help when we need it or seeking to achieve the best version of ourselves at all times, these are the things I encourage all of my tutees to do.

For now, have a look at my four pictures. Each of them tells you something about me. You are welcome to ask me about them when we meet soon. I will want to find out about you, too!

I hope you have a great summer – see you soon

Mr Whittington
