

7JR: Mrs Rodgers

Welcome to 7JR! I am really looking forward to starting in September and getting to

know you. I have worked in education for 25 years and at Coombe Dean for 12 years, it's a great school and I'm sure you will enjoy your time here. As well as being your tutor I teach Science to year groups 7-13.

As your tutor I will be there each morning to help and support you and make sure that you settle in and are ready to start the school day. Each morning and I will give you messages about what might be happening in school, answer any questions or worries that you may have. Any problems or questions you have are important, so please bring them to me and I will always do my best to help.

I have lived in Plymouth for the last 16 years with my husband and three children and am originally from here. I love living in the southwest and enjoy an active and sociable life with my family and friends. I particularly enjoy swimming, the beach and walking.

I hope that you will be happy here and settle into Coombe Dean life, taking advantage of all the opportunities that it brings.

Have a fantastic summer. Stay safe. See you in September!

Mrs Rodgers
