

Covid Catch Up 2020-2021

How did we use the fund?

The fund was used to provide additional support through externally sourced tuition for:

- students who had not gained level 9-4 in Maths and/or English at GCSE or for those students whose grade was above 4 but not sufficient for their future aspirations
 - initially as an intensive course across 2 weeks
 - then as weekly sessions in the run up to the summer exam season
- students of A level and level 3 Maths who needed support to reach target grades following lockdown

Impact:

All students given the English support achieved level 5 in the November retake.

All students given the initial Maths support improved by 1 level from 2020 results. 2/3 reached level 4.

Students who accessed the GCSE support in the summer Term:

GCSE

- Bella – level 4
- Summer – 4
- Oren – 3 (didn't attend)
- Fin – 4
- Ahmad – 4
- Lauren – 3
- Jonny – 4

A level

- George D (up from E in Autumn Term LO)
- Sam C (up from D in Autumn Term LO)
- Alex B (up from C in Autumn Term LO)
