

## Year 11 Summer Examinations 2024

Please use this overview in conjunction with your statement of entry and individual timetable to ensure attendance on time and to all exams.

You will receive information through an assembly about how exams are run including an overview of the regulations that are in place when exams are taken.

**AM exam sessions** begin at 09:20. Breakfast items will be available to purchase for Year 11 in the dining hall from 08:15. A final preparation session will take place from 08:40 with the class teacher in the allocated Year 11 tutor rooms.

**PM exam sessions** begin at 13:30. A final preparation session will take place from 12:10 until 12:40 with the class teacher in an allocated teaching room, students will then proceed to lunch until 1:05 before heading straight to their exam venue.

Students with additional time will follow the same arrangements but will be later returning where appropriate than those with standard time.

**Students have compulsory lessons until the end of period 2 on Wednesday 12th June. Following this, a more focused approach is taken. We are taking this approach to maximise the amount of time that teachers and students can work together to cover the knowledge needed, to support revision and to maintain contact as students navigate the bulk of their exams.**

**Students have missed enough time from school over the last few years and we are committed to continuing to minimise the impact of this by maintaining school rather than sending students on study leave in May. They also have 9 weeks of holiday after the final exam is scheduled until the GCSE results are released and a further week after the week the GCSE results are released until September – 11 weeks out of school in total.**

**Students should plan their studying/revision around the school day and include lessons which will be given over to revision once assessment in that subject has concluded. Students will be given supervised study opportunities in school which can be used and should come to school prepared to get the most out of them while being able to ask questions of teachers and seek support through their lessons.**

### **Contingency days / afternoons**

The awarding bodies have collectively agreed a contingency day for several years now which is always scheduled at the end of the GCSE, GCE AS and A-level exam timetables. The contingency day is in the event of national or significant local disruption to exams in the United Kingdom, being part of the awarding bodies' standard contingency planning for exams. Following the Covid-19 pandemic, further resilience was needed within the exam timetables. A single contingency day was not felt to be sufficient if a national event or incident had a significant effect on the exam timetable. For example, summer exams could be affected by extremely high temperatures. From June 2023 onwards, the awarding bodies have therefore introduced two additional half-day contingency sessions. These are on Thursday 6<sup>th</sup> June 2024 and Thursday 13<sup>th</sup> June 2024. The standard contingency day remains at the end of the timetable being scheduled on Wednesday 26<sup>th</sup> June 2024. Schools and colleges should ensure candidates and parents are aware of the contingency arrangements on these three days. They should consider the contingency day of Wednesday 26<sup>th</sup> June 2024 when making their plans for the summer. **Candidates should be encouraged to remain available until Wednesday 26<sup>th</sup> June 2024** should examinations need to be rescheduled. Updated versions of this document with specific arrangements will be circulated using ClassCharts by the end of Friday of the preceding week.
