

Year 11 Summer Examinations masterplan including key dates – Version 1

AM exam sessions begin at 09:15. Breakfast items will be available for Year 11 in the dining hall from 08:15. A final preparation session will take place from 08:40 with the class teacher in the classroom normally used for lessons.

PM exam sessions begin at 13:30. A final preparation session will take place from 12:30 until 12:55 with the class teacher in the classroom normally used for lessons. The teacher(s) will then accompany their class to lunch in the dining hall prior to students going to the baggage room at 13:15 and supporting with the gym line from 13:15 prior to entering the venue (teaching staff are not permitted in the exam venue).

Students with additional time will follow the same arrangements but will be later returning, where appropriate, than those with standard time.

Registration marks will be taken from the exam room. Teachers running final preparation sessions should flag absence from the session with reception so that attendance for the exam can be confirmed.

Students involved in an exam will be tagged in Sims to support staff planning for attendance.

A recorded revision resource will be provided by subjects to guide independent preparation for examinations for subjects that take place after the official 'end date'.

Students attending to use the library as a study facility after the 14th June should sign in when they enter and out when they leave.

From this point, lessons should continue to be accessed for subjects where examinations have not yet taken place. Study leave will be given for all other lessons (where exams and assessment have taken place/been concluded) and study periods from the conclusion of the Biology paper on the 15th June will replace the timetable with the exception of cases where teaching is being consolidated into longer time slots to make attendance more efficient, as detailed below. Final preparation sessions will continue until Thursday 23rd June, tutor time. Students will be able to use the Library facility as a quiet study area if they are in school without a lesson taking place because the final exam has been sat.
